DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: The references cited have failed to teach and to make obvious a medical spirometer, the MU is disposed within the housing so as to form a bypass flow path defined between an outer surface of the MU and an inner surface of the housing, and a measurement flow path defined through the fluidic jet oscillator, such that the total flow is divided into a bypass flow and a measurement flow; wherein the fluidic jet oscillators are in fluid communication with the inlet and the outlet, such that when the user exhales, the first jet oscillator works in the straight flow while the second jet oscillator works in the reverse flow and vice-versa, the two transducers producing oscillating electric signals with different patterns associated with the straight flow and the reverse flow, and the spirometer further includes an electronic processor adapted to recognize whether the user inhales or exhales by the different patterns.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
